CAMPING HACKS, BUSHCRAFT & WOODLAND ACTIVITIES

Our Wild Camp Experience is a unique mix of fun woodland activities, camping hacks & bushcraft skills. Socialise, tell stories and cook over the open fire before sleeping under the stars in our luxury bell tents.

Our lovingly hand crafted wilderness campsite is designed to allow individuals to explore the tranquil areas of the site or experience our exciting activities under their own steam.

You’re welcome to do as much or as little as you like, hang out in the hammocks, try your hand at axe throwing or get involved with some friction firelighting, there is plenty to keep you occupied with a host of fun woodland games for you to while away the time.

As the evening draws in it’s time to light the fire and relax with your favourite drink. With years of wild cooking experience under our belt we are on hand to show you some neat camping hacks and offer some help with preparing your food.
BELL TENT CAMPING

Our large Bell tents sleep up to four adults and come provided with airbeds & pillows for a comfortable nights sleep.

Our Wild Camp is nestled in our own secure private Cornish woodland. Sleep like you never slept before and drift off to the sounds of nature.

You’ll need to bring a sleeping bag and suitable clothing appropriate for an evening of Wild Camping.

We offer advice on what to bring through our Suggested Packing List and Frequently Asked Questions page which is provided with your Booking Confirmation.

FOOD & DRINK

We kindly ask you to provide your own BBQ food for the evening. With years of BBQ’ing & wild cooking experience we can happily assist you in preparing your food.

If you would like some suggestions on what to bring or some locally sourced BBQ meat please let us know when enquiring.

We provide bacon & egg sandwiches for the morning. You will need to supply yourself with an alternative if you fancy something else.

You are welcome to enjoy a few of your favourite drinks over the course of the evening.
